ROLAND®

ROLAND®

IN OVER 30 YEARS, ROLAND HAS COMPLETELY FITTED OUT MORE THAN 50 MEGA YACHTS AND SERVICES THEM ALL OVER THE WORLD.

We have gained large experience from more than two hundred gastronomy and fifty mega yacht projects which made us one of the most experienced of our industry today and which paves the way for setting of new standards.

FROM THE VERY BEGINNING, ROLAND HAS INTEGRATED ONLY THE HIGHEST QUALITY STANDARDS INTO THE OVERALL CONCEPT OF FURNITURE DESIGN. THE ADVANTAGES OF ROLAND FURNITURE SERIES ARE:

- modular design
- interchangeable outfits
- hygiene standards higher than H1
- excellent workmanship
- precision
- specific material qualities
- special room features
- complete stainless steel

optimal operating and working height on pushing a button

ROLAND Design Knobs with Glass Touch Panel

EASY OPERATION

A uniform surface for all thermal devices in the galley and the outdoor area gives crews a definite advantage. The glass touch panel is clearly legible, flush mounted, and easy to clean. For the use of woks and induction cookers we have developed a toggle which serves the highest demands on design and functionality.
